Like a biology student, this presentation will dissect the parts of the IEP document and examine their functions individually, learning their meanings and application. It will provide constructive and practical tips to help create an IEP that supports all of the student's needs. We will explore the parent's role in the IEP process and learn the basics of their child's right to special education services, the process of developing special education plans, and the parent's role.

Anatomy of an IEP

**Thursday
OCT 24th**

11:00 am - 12:00 pm

**Audience: Parents, Caregivers, and Professionals
of School-Aged Children/Students.**

Changing Lives Every Day
